Sculpting Through the Seasons Sponsor Opportunities

March 12, 2021

Dear Members,

We are proud to announce that the collaboration between Empire City Farms, Eric Jones Caricatures and Sculpting and the Cuba Chamber will continue throughout the summer. This will include a series of sand sculptures at the Block Barn. We have three in kind sponsors thus far, Portville Sand & Gravel is providing the sand needed for the entire summer, LaFever & Sons is trucking the sand and Worth W. Smith has donated the materials to build a 24x12 foot sand box.

Below are sponsor opportunities and we would be greatly appreciative of any support we can get in helping to make this a wonderful summer and driving traffic to our small town as we did with the snow sculptures. Each sculpture will also support local charities and donations will be accepted for those charities online and at the sand box location.
